

Message from the Dean

As Dean of the Faculty of Law, University of Würzburg, I very much welcome the initiative to publish a Festschrift for former Israeli Supreme Court Justice Yoram Danziger, who is now a professor at the renowned Tel Aviv University. In these difficult times, when the Israeli constitutional system is under more pressure than ever before, it is extremely important to send a signal of solidarity to our Israeli colleagues. Our faculty's collaboration with Yoram Danziger dates back many years. Danziger has participated several times in international summer schools at our faculty and has given widely acclaimed lectures. His son organized a highly appreciated exhibition of his paintings in the faculty's Max Stern Cellar, dedicated to the memory of Max Stern, a Jewish wine merchant who emigrated to the United States in 1938. Time and again, colleagues from our faculty have visited Israel. I am especially grateful to Yoram Danziger for receiving and generously hosting alumni of our faculty at the Israeli Supreme Court. May this commemorative publication illustrate our gratitude and support to the honored jubilarian in difficult times!

Ad multos annos!

Würzburg, May 2023
